

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claim 1. (*Currently Amended*) A pre-moistened cleaning wipe for cleaning a hard surface comprising:

at least one layer of fibrous substrate material impregnated with a cleaning composition, said composition comprising:

from about 0.005% by weight and about 0.5% by weight of said composition of a detergent surfactant wherein said detergent surfactant includes an alkylpolyglucoside;

an antimicrobial active wherein said antimicrobial active is selected from the group consisting of quaternary ammonium salts, chlorhexidine diacetate, polyhexamethylene biguanide and mixtures thereof; and

from about ~~0.25%~~ 0.5% by weight and about ~~10%~~ 5% by weight of said composition of one, or more, organic cleaning solvents;

the balance being an aqueous solvent system, comprising water, wherein said composition has a pH under usage conditions of from about 2 to about 12.

Claim 2. (*Original*) The pre-moistened wipe of claim 1 wherein said detergent surfactant is at a level from about 0.02% to about 0.3% by weight of the cleaning composition.

Claims 3-4 (*Cancelled*)

Claim 5. (*Original*) The pre-moistened cleaning wipe of claim 1 wherein said cleaning composition does not include a hydrophilic polymer.

Claims 6-7 (*Cancelled*)

Claim 8. (*Currently Amended*) The premoistened wipe of claim ~~[[7]]~~ 1 wherein said quaternary ammonium salts are selected from the group consisting of dioctyl dimethyl ammonium chloride, didecyl dimethyl ammonium chloride, C12, C14 and C16 dimethyl benzyl, and mixtures thereof.

Claim 9. (*Original*) The premoistened wipe of claim 8 wherein the antimicrobial actives provide residual disinfectancy.

Claim 10. (*Currently Amended*) The pre-moistened cleaning wipe of claim [[6]]_1 wherein said antimicrobial active is at a level of between about 0.001% by weight to about 0.1% by weight of said composition.

Claim 11. (*Original*) The pre-moistened cleaning wipe of claim 1 wherein said at least one substrate layer is made of a fibrous material having a basis weight of between about 30 g/m² and about 100 g/m².

Claim 12. (*Original*) The pre-moistened cleaning wipe of claim 11 wherein said at least one layer is made of a fibrous material comprising between about 20% by weight and about 80% by weight of wood pulp fibers.

Claim 13. (*Original*) The pre-moistened cleaning wipe of claim 1 wherein said at least one layer is made of a fibrous material having a basis weight of between about 100 g/m² and about 500 g/m².

Claim 14. (*Original*) The pre-moistened cleaning wipe of claim 13 wherein said pre-moistened cleaning wipe has a wetness of between about 1 and about 5 grams of cleaning solution per gram of substrate.

Claim 15. (*Original*) The pre-moistened cleaning wipe of claim 1 wherein pre-moistened cleaning wipe has a fluid capacity of between about 2 and about 10 grams of liquid per gram of dry substrate.
